The Hon. Carter Glass asserts that the resolution to submit the new Constitution to the people never contemplated its submission to the popular vote. We have the proof positive that in May, 1900, he did hold that the resolution pledged the Democracy to submit the Constitution to the popular vote. Will Mr. Glass deny it?

If reports be true, the name "Red Fox," given to Mr. Montague, is very appropriate. He is better pleased to run from a competitor than to run against him. He was afraid to meet Swanson in joint debate, but went over the State saying the hardest kind of things about him. Now, we learn he will decline to meet Col. Hoge in debate. This will show political cowardice and will be characteristic of the red fox.

The Richmond News says the Suffrage Committee has about decided who shall vote in Virginia, and among the provisions it says that have been agreed upon is this: "All persons who have a permanent attachment in the State in their employment, and who can explain the duties of the various officers for whom they vote." This provision, honestly administered, would disfranchise about nine-tenths of the Democrats. But, of course, it is expected that it will be administered in the interest of the new Democratic Machine, just like the understanding clause in Mississippi has been worked by the ring that controls that State.

Judge Harrison, of the Winchester judicial circuit, who is a member of the Constitutional Convention, made a strong legal argument before that body on last Saturday in favor of submitting the new Constitution to the present electorate. In the course of his remarks he turned to those who are now opposed to submitting the Constitution to the people, and said: "You say the negroes will defeat it. If so, how is it that the negro counties sent men here who are most eager to disfranchise them, and those who oppose that invariably come from the white counties?" This was a solar plexus blow to those fellows who are all the time crying about the danger of negro supremacy, and, yet, managing all the while to get the largest Democratic majorities in the negro counties. No one answered Judge Harrison's question.

Death of Sanders Patton.

On last Monday morning at 8 o'clock Sanders L. C. Patton died at the home of his father, Mr. G. W. Patton, after an illness of more than four weeks with typhoid fever. He contracted the disease at Welch, W. Va., being taken violently ill immediately after his return to Tazewell from Welch. For a few days previous to his death his friends had begun to hope that his condition was growing better, but on Sunday afternoon there was a serious and fatal change in his condition. He was an excellent young man, twenty-three years old, and his death will be deeply regretted by a large circle of friends and relatives. His father and mother, three brothers and one sister, and six half brothers survive him.

On Tuesday afternoon at two o'clock funeral services were held in the Christian church conducted by Rev. J. N. Harman assisted by Rev. J. S. French. The burial took place at the new cemetery.

Letter to Major R. R. Henry.

Tazewell, Va.

Dear Sir: The late President of the Croton River Bank, at Brewsters, N. Y., built the finest house in all that region, in 1884, and painted it with lead and oil at a cost of \$400—the house cost \$31,000.

In 1887—three years—he repainted it with Devco at a cost of \$350. In 1897 this paint was in good condition.

Lead and oil, \$400, three years. Devco \$350, ten years.

Yours truly,

F. W. Devco & Co.

Death of J. Mosby Davis

On last Tuesday morning Mr. J. Mosby Davis, one of the most highly esteemed citizens of the east end of the county, died at his home on Bluestone. He was about seventy-six years old and had been in rather feeble health for several years. His wife, Mrs. Elvira L. Davis, survives him. She is a sister of Messrs. R. P., C. C. and H. Bane Harman.

Mr. Davis was a man of decided convictions, and was a man who made and held friends. He was one of the oldest Masons in the county. His burial took place at the old Harman homestead on Bluestone yesterday afternoon.

THE REPUBLICAN PLATFORM

Herein Are Proclaimed the Glorious Principles
Of Virginia Republicanism.

SHOULD COMMAND SUPPORT OF PATRIOTS.

Upon The Great Issues Here Enunciated Will The Republicans of Virginia Make Their Fight.

The first work of the convention was the hearing of the report of the committee on resolutions. The report was heard and was unanimously adopted. The platform was as follows:

The Republican party of Virginia in convention assembled announces its endorsement and proclaims its adhesion to the principles of the National Republican party as enunciated in its platform adopted at Philadelphia in June, 1900, and pledges itself to defend and maintain these principles in the future as it has done in the past.

We endorse the clean, able and patriotic administration of President McKinley, which has made the republic a great world power, for the uplifting of the oppressed people of all the earth, for the promotion of human liberty in every clime, which has brought the blessings of liberty and free government to the down-trodden people of Cuba; peace, prosperity and happiness to Porto Rico; order and safety for life, liberty and property in the Philippine Islands; unparalleled prosperity to our country, and to our people of all classes; to the laborer and the artisan constant employment and good wages; to the agriculturist, the miner and the manufacturer increased demand at home and abroad for their products, at remunerative prices; to our commerce wider fields and increased facilities and an honest dollar, good the world over and unquestioned by any people.

We give our unqualified assent to the Republican doctrine that the people are sovereign; that all power is derived from and belongs to the people, and that all officers and agents chosen by the people are responsible to the constituents who elected them and whose servants they are. We declare our confidence in the virtue, intelligence and patriotism of the people, and our willingness to trust to them the decision of all political issues and election of all civil officers.

We denounce all attempts to discriminate in favor of or against citizens of Virginia on account of race or color, because in violation of the constitution of the United States, which we respect and obey as the supreme law of the land.

We protest against the proposition to confer the right of suffrage on unworthy persons on account of the merits or the achievements of their ancestors as tending to create a privileged class and discrimination against others equally worthy. We favor the right of suffrage being left as fixed by the present constitution of Virginia, with such laws and guarantees as will secure to every qualified voter a free ballot and a fair count.

We arraign the Democratic party of Virginia for the wilful, deliberate, debased and fraudulent elections that have been held in this State for years past; controlled by lust for office, impelled by fear that they were in the minority, they have prostituted the manhood in their own ranks until the reeking corruption has borne fruit in the demand, which has caused the assembling of the present constitutional convention in the hope that by restricting the suffrage they would minimize the fear of Republican victory.

We deny the claim made by the Democratic party in its platform that they are entitled to the credit of having "satisfactorily settled the State debt." It is a fact too well known to be disputed that the State debt was settled by the Readjuster party in spite of the bitter opposition of leading Democrats.

We notice with surprise that the Democratic party of Virginia, in their platform, claim to be the special friend of the common schools, in the face of the undisputed fact that the free schools were first given to this State by the Republican members of the constitutional convention of 1870. They cite the fact that in the last fifteen years the number of schools has increased and that the school fund has grown, but they ignore the fact that only enough money is collected to keep the schools open for five months in twelve. The attention of the people is called to the significant fact that the Democratic

platform is silent on all national questions. Bryan and free silver are consigned to the tomb from which there is no resurrection; the howl of calamity is hushed; and the prophets of evil are dumb. Instead, the Democratic platform sends up this shout of triumph over the prosperity of the land: "Population has grown; cities and towns have been established; manufactures, trade and commerce have advanced; lands heretofore vacant have been reclaimed; the value of farm products is constantly increasing; capital already invested is yielding profitable returns, and outside capital is seeking investment." All this the Virginia Democracy would have us believe is due to their wisdom alone, and that the national Republican administration and Republican measures are entitled to no credit therefore, whereas these happy conditions are due solely to the wise policy pursued by the National Republican party.

We also declare our unalterable opposition to criminal trusts, and to every illegal combination of capital; but we wage no war on combinations of capital for legitimate purposes, and we arraign the Democratic party of Virginia, which has had absolute control of every branch of the State government for fifteen years, for its failure to enact any law or take any steps to control, prevent or punish such criminal trusts and illegal combinations of capital.

We enter our earnest protest against the scheme to promulgate the new constitution without submitting it to the people, or of submitting it to an abridged electorate as being illegal and in violation of the solemn pledges made to the people of Virginia by the Democratic convention which met in Norfolk, and by the legislature in the law assembling the constitutional convention.

We earnestly demand liberal State pensions for our disabled Confederate soldiers and their widows, who have been cruelly neglected and so grossly deceived by the Democratic party, which has pretended to care for them by voting niggardly pensions, and then appropriating only money enough to pay them an average of about three dollars per capita per annum.

We favor rigid economy in the administration of our State government, and we charge the Democratic party with wanton extravagance and wilful waste, with creating many useless officers who are paid salaries as a reward for party services, and for its partizan and incompetent management of our State institutions and our public schools.

We are opposed to any increase of the poll tax because it would impose an unjust burden on the poor man. The payment of the poll tax as a pre-requisite of voting has heretofore been tried, in this State, and proved such a source of bribery and corruption that the law was indignantly repealed, and we have no reason to expect better results in the future.

We condemn the Democratic party for not having changed the law of fellow servants as construed by our Supreme Court of Appeals during the fifteen years it has held undisputed control of every branch of the State government, and we pledge the people of Virginia, if given the opportunity to do so, that we will enact into law the employers' liability bill that was asked for by the employees of the railroad companies and was presented by them to the last legislature of Virginia and defeated by the Democratic party.

We advocate the adoption of such laws and such regulations as are proper and necessary to insure the effective and permanent improvement of the public roads of the Commonwealth.

We denounce the acts of the Democratic legislature in its attempts to destroy the life of the great oyster interests of the State, by leasing to private parties the best and most thrifty oyster rocks, under the false guise of their being depleted and useless, when they are now the most valuable and profitable grounds in tide water for propagating oysters. We favor the return of these valuable possessions to their original owners, the people of the whole Commonwealth.

THE NEGRO PROBLEM.

Bishop Turner Favors Emigration to Africa.

Atlanta, Ga., Aug. 27.—Bishop Turner, of the African Methodist Church, said in an interview today, with regard to the best manner of preventing the crime of assaulting among negroes:

"I am as much convinced as ever that African emigration would be best for the negro and best for the white man. There is an irreconcilable conflict between white and black that nothing but separation can reconcile and put an end to."

"Our children are generated and nurtured under a malignant and misanthropic excitement that will wreck this country and make civilization a hiss and a by-word. And if it is a fact that the negro will not let white women alone, then white men owe it to their manhood and honor to get rid of him; and if they will open a highway to Africa millions of the black race will go. Rather than shed so much blood, and possibly some innocent blood, you had better enact laws to brand these fools and scoundrels, and crop their ears and banish them to Africa. If the country will turn over all these criminals that they are burning, hanging and shooting to me and brand their cheeks and carry them to Africa, I will give the world another Rome, or establish a country like Australia, which was founded and built up by English cut-throats and penal convicts."

Circuit Court.

The August term of Tazewell circuit court began on last Monday, with Judge Jackson presiding. There have been no jury trials, and the indications are that there will be none during the term.

A number of chancery causes have been argued and submitted and decrees entered in some of them. The most important decree that has been handed down is in the case of Bowen Watts, by &c., vs. Mrs. Florine Watts. This suit had been brought to settle the interests of the parties, respectively, in the valuable boundary of land three miles northeast of town. By the provisions of the decree Bowen Watts gets 273 acres of land, including the dwelling and other improvements, and Mrs. Watts gets one hundred acres of land. We have not heard whether the case will be appealed.

The court will adjourn before the week is out.

KILLING OF PRISONERS.

Kitchener's Report and the Course Advised by the War Office.

London, August 28.—A dispatch from Lord Kitchener, dated Pretoria, August 25th, says:

"Sworn evidence has been brought to my notice by General Elliott that on June 8th, Lieutenant Mairs, of the New South Wales Artillery, and Privates Harvey and Blunt, were shot down after surrendering at Graspan, near Rietz. I have forwarded to Steyn and Botha copies of these statements."

London, August 28.—The War Office has telegraphed to Lord Kitchener as follows:

"We understand that you have not yet received satisfactory assurances respecting the murder of our wounded at Vlakfontein. In view of the occurrences referred to in your telegram of August 25th, we are of the opinion that you should notify by proclamation that the members of any commando by which such an outrage is committed will be held guilty whether they actually committed the deed or not, that the leader or leaders of the commando will be sentenced to death, and that the other members will be punished with death or less according to the degree of complicity."
